1.) Account Setup / Email on file	
-----------------------------------	--

We will setup your account after we have received payment and we and/or our payment partner(s) have screened the order(s) in case of fraud. It is your responsibility to provide us with an email address which is not @ the domain(s) you are signing up under. If there is ever an abuse issue or we need to contact you, the primary email address on file will be used for this purpose. It is your responsibility to ensure the email address on file is current or up to date at all times. If you have a domain name registered with Cloudbase Media Ltd, it is your responsibility to ensure that the contact

information for your domain account and your actual domain name(s) is correct and up-to-date. ESP Computers is not responsible for a lapsed registration due to outdated contact information being associated with the domain. If you need to verify or change this information, you should contact our sales team via email. Providing false contact information of any kind may result in the termination of your account. In dedicated server purchases or high risk transactions, it will be necessary to provide government issued identification and possibly a scan of the credit card used for the purchase. If you fail to meet these requirements, the order may be considered fraudulent in nature and be denied.

Ownership

The credit card holder or owner of the PayPal e-mail address which is utilized for payment on the account is designated as the authorized owner of the account. The term 'credit card holder' does not imply that we automatically accept credit card payment.

1b.)Transfers

Our transfers team will make every effort to help you move your site to us. However, transfers are provided as a courtesy service, and we can not make guarantees regarding the availability, possibility,

or time required to complete an account transfer. Each hosting company is configured differently, and

some hosting platforms save data in an incompatible or proprietary format, which may make it extremely difficult if not impossible to migrate some or all account data. We will try our best, but in some cases we may be unable to assist you in a transfer of data from an old host.

Please contact a member of the transfers department with specific details to receive a price quote.

Dedicated IP Address Allocation

Any dedicated IP order in addition to ones provided with a hosting package may be subject to IP Justification. We reserve the right to deny any dedicated IP request based on insufficient justification

or current IP utilization.

Third Party Providers

All transactions with third party (ie for separate email services with the mx records defined on our servers) providers are solely between the visitor and the individual provider. Cloudbase Media Ltd is not the

agent, representative, trustee or fiduciary of you or the third party provider in any transaction.

All discounts, promotions and special third party offers may be subject to additional restrictions and limitations by the third party provider. All transactions with third party providers are subject to the terms and conditions under which the provider agrees with you to provide the goods or services.

You

should confirm the terms of any purchase and/or use of goods or services with the specific provider with whom you are dealing.

We do not make any representations or warranties regarding, and are not liable for, the quality, availability, or timeliness of goods or services provided by a third party provider. You undertake all transactions with these providers at your own risk. We do not warrant the accuracy or completeness of any information regarding third party providers.

2.) Content

All services provided by Cloudbase Media Ltd may only be used for lawful purposes. The laws of the United Kingdom, State of Florida, the State of Texas, and the United States of America apply.

The customer agrees to indemnify and hold harmless Cloudbase Media Ltd from any claims resulting from

the use of our services.

Use of our services to infringe upon any copyright or trademark is prohibited. This includes but is not limited to unauthorized copying of music, books, photographs, or any other copyrighted work. The offer of sale of any counterfeit merchandise of a trademark holder will result in the immediate termination of your account. Any account found to be in violation of another's copyright will be expeditiously removed, or access to the material disabled. Any account found to be in repeated violation of copyright laws will be suspended and/or terminated from our hosting. If you believe that your copyright or trademark is being infringed upon, please email info@Cloudbasemedia.com with the

information required. If the request is of a licensing issue, we may require further documentation.

Using a shared account as a backup/storage device is not permitted, with the exception of one cPanel backup of the same account. Please do not take backups of your backups.

Examples of unacceptable material on all Shared and Reseller servers include:

- Topsites

Cloudbase Media Ltd' services, including all related equipment, networks and network devices are provided

only for authorized customer use. Cloudbase Media Ltd' systems may be monitored for all lawful purposes,

including to ensure that use is authorized, for management of the system, to facilitate protection against unauthorized access, and to verify security procedures, survivability, and operational security.

During monitoring, information may be examined, recorded, copied and used for authorized

purposes. Use of Cloudbase Media Ltd' system(s) constitutes consent to monitoring for these purposes.

Any account found connecting to a third party network or system without authorization from the third

party is subject to suspension. Access to networks or systems outside of your direct control must be with expressed written consent from the third party. Cloudbase Media Ltd may, at its discretion, request

and require documentation to prove access to a third party network or system is authorized.

We reserve the right to refuse service to anyone. Any material that, in our judgment, is obscene, threatening, illegal, or violates our terms of service in any manner may be removed from our servers (or otherwise disabled), with or without notice.

Failure to respond to email from our abuse department within 48 hours may result in the suspension or termination of your services. All abuse issues must be dealt with via troubleticket/email and will have a response within 48 hours.

Sites hosted on Cloudbase Media Ltd' service(s) are regulated by U.S. and U.K. law. Given this fact, and

pursuant to Section 230(c) of the Communications Decency Act, we do not remove allegedly defamatory material from domains hosted on our service(s). The only exception to this rule is if the material has been found to be defamatory by a court, as evidenced by a court order. Cloudbase Media Ltd

is not in a position to investigate and validate or invalidate the veracity of individual defamation claims, which is why we rely on the legal system and courts to determine whether or not material is indeed considered defamatory. In any case in which a court order indicates material is defamatory, libelous, or slanderous in nature; we will disable access to the material. Similarly, in any case in which

a US or UK Court has placed an injunction against specified content or material; we will comply and remove or disable access to the material in question.

The language of Section 230(c) of the Communications Decency Act fundamentally states that Internet services providers like Cloudbase Media Ltd and many of Cloudbase Media Ltd' other webhosting

services and brands are republishers and not the publisher of content. Our service merely provides a hosting platform and space on which to host content, and any creation or publication of content on our services is the sole responsibility of the third-party user which creates or publishes the content.

Therefore, Cloudbase Media Ltd should not be held liable for any allegedly defamatory, offensive or harassing content published on sites hosted under Cloudbase Media Ltd webhosting service(s).

If in doubt regarding the acceptability of your site or service, please contact us at info@Cloudbasemedia.com and we will be happy to assist you.

Potential harm to minors is strictly forbidden, including but not limited to child pornography or content perceived to be child pornography (Lolita):

Any site found to host child pornography or linking to child pornography will be suspended immediately without notice.

Resellers: we will suspend the site in question and will notify you so you may terminate the account.

We will further monitor your activity; more than one infraction of this type may result in the immediate termination of your account.

Direct customers: Your services will be terminated with or without notice.

Violations will be reported to the appropriate law enforcement agency.

It is your responsibility to ensure that scripts/programs installed under your account are secure and permissions of directories are set properly, regardless of installation method.

When at all possible, set permissions on most directories to 755 or as restrictive as possible. Users are ultimately responsible for all actions taken under their account. This includes the compromise of credentials such as user name and password. It is required that you use a secure password. If a weak password is used, your account may be suspended until you agree to use a more secure password. Audits may be done to prevent weak passwords from being used. If an audit is performed, and your password is found to be weak, we will notify you and allow time for you to change/update your password.

3.) Zero Tolerance Spam Policy

We take a zero tolerance stance against sending of unsolicited e-mail, bulk emailing, and spam. "Safe lists", purchased lists, and selling of lists will be treated as spam. Any user who sends out spam will have their account terminated with or without notice.

Please read <http://www.Cloudbase Media Ltd.com/mailpolicy.html> for our generalized mail policy.

Please read <http://www.Cloudbase Media Ltd.com/dedicated-mailpolicy.html> for our dedicated server mail

policy.

Sites advertised via SPAM (Spamvertised) may not be hosted on our servers. This provision includes,

but is not limited to SPAM sent via fax, phone, postal mail, email, instant messaging, or usenet/newsgroups. No organization or entity listed in the ROKSO may be hosted on our servers. Any account which results in our IP space being blacklisted will be immediately suspended and/or terminated.

Cloudbase Media Ltd reserves the right to require changes or disable as necessary any web site, account,

database, or other component that does not comply with its established policies, or to make any such

modifications in an emergency at its sole discretion.

Cloudbase Media Ltd reserves the right to charge the holder of the account used to send any unsolicited e-mail a clean up fee or any charges incurred for blacklist removal. This cost of the clean up fee is

entirely at the discretion of Cloudbase Media Ltd.

4.) Payment Information

You agree to supply appropriate payment for the services received from Cloudbase Media Ltd, in advance

of the time period during which such services are provided. You agree that until and unless you notify

Cloudbase Media Ltd of your desire to cancel any or all services received, those services will be billed on a

recurring basis. Once we receive your cancellation and have confirmed all necessary information with you via e-mail, we will inform you in writing (typically email) that your account has been canceled.

Your cancellation confirmation will contain a ticket/tracking number in the subject for your reference,

and for verification purposes. You should immediately receive an automatic "Your request has been received..." email with a tracking number. An employee will confirm your request (and process your

cancellation) shortly thereafter. If you do not hear back from us, or do not receive the automatic confirmation email within a few minutes after submitting your cancellation, please contact us

immediately via phone. We require that cancellations of service are done through the online form to

(a) confirm your identity, (b) confirm in writing you are prepared for all files/emails to be removed,

and (c) document the request. This process reduces the likelihood of mistakes, fraudulent/malicious

requests, and ensures you are aware that the files, emails, and account may be removed immediately

after a cancellation request is processed.

As a client of Cloudbase Media Ltd, it is your responsibility to ensure that your payment information is up

to date, and that all invoices are paid on time. You agree that until and unless you notify ESP

Computers of your desire to cancel any or all services received (by the proper means listed in the appropriate section of the Terms of Service), those services will be billed on a recurring basis, unless otherwise stated in writing by Cloudbase Media Ltd. Cloudbase Media Ltd reserves the right to bill your credit

card or billing information on file with us. Cloudbase Media Ltd provides a 10 day grace period from the

time the invoice is generated and when it must be paid. Any invoice that is outstanding for 10 days and not paid will result in a £10 late fee and/or an account suspension until account balance has been

paid in full. The £10 late fee is applied in addition to whatever else is owed to Cloudbase Media Ltd for

services rendered. Access to the account will not be restored until payment has been received.

It is the customer's responsibility to notify our sales team via email at info@Cloudbasemedia.com after

paying for a domain renewal and to ensure the email is received and acted upon. Domain renewal notices and invoices are provided as a courtesy reminder and Cloudbase Media Ltd cannot be held responsible for failure to renew a domain or failure to notify a customer about a domain's renewal.

Subsequently, domain renewals are billed and renewed 30 days before the renew date. It is the customer's responsibility to notify our sales team via email at info@Cloudbasemedia.com" for any domain registration cancellation. No refunds can be given, once a domain is renewed. All domain registrations, and renewals are final.

Invoices that have been paid more than once with multiple Paypal Subscriptions can only be added as

credit towards the account and cannot be refunded via Paypal. If you require assistance with this provision, please contact info@Cloudbasemedia.com.

5.) Backups and Data Loss

Your use of this service is at your sole risk. Our backup service runs once a week, overwrites any of our previous backups made, and only one week of backups are kept. This service is provided to you

as a courtesy. Cloudbase Media Ltd is not responsible for files and/or data residing on your account. You

agree to take full responsibility for files and data transferred and to maintain all appropriate backup of

files and data stored on Cloudbase Media Ltd' servers.

6.) Cancellations and Refunds

Cloudbase Media Ltd reserves the right to cancel, suspend, or otherwise restrict access to the account at

any time with or without notice.

Exchange rate fluctuations for international payments are constant and unavoidable. All refunds are processed in GBP, and will reflect the exchange rate in effect on the date of the refund. All refunds are subject to this fluctuation and Cloudbase Media Ltd is not responsible for any change in exchange rates

between time of payment and time of refund.

The following methods of payments are non-refundable, and refunds will be posted as credit to the hosting account:

- Bank Wire Transfers
- Western Union Payments
- Checks
- Money orders

There are no refunds on dedicated servers, administrative fees, and install fees for custom software.

Refund requests for .com, .net., and .org domain names (made within the 45 day money-back guarantee period) will have the common market value subtracted for those tld's. Any ccTLD's domain

name purchases are non-refundable. Please note that domain refunds will only be considered if they were ordered in conjunction with a hosting package. Eligibility of said refunds will be determined at the time of cancellation.

Only first-time accounts are eligible for a refund. For example, if you've had an account with us before, canceled and signed up again, you will not be eligible for a refund or if you have opened a second account with us.

Violations of the Terms of Service will waive the refund policy.

7a.) Resource Usage

User may not:

- 1) Use 25% or more of system resources for longer than 90 seconds. There are numerous activities that could cause such problems; these include: CGI scripts, FTP, PHP, HTTP, etc.
- 2) Run stand-alone, unattended server-side processes at any point in time on the server. This includes any and all daemons, such as IRCD.
- 3) Run any type of web spider or indexer (including Google Cash / AdSpy) on shared servers.
- 4) Run any software that interfaces with an IRC (Internet Relay Chat) network.
- 5) Run any bit torrent application, tracker, or client. You may link to legal torrents off-site, but may not host or store them on our shared servers.
- 6) Participate in any file-sharing/peer-to-peer activities
- 7) Run any gaming servers such as counter-strike, half-life, battlefield1942, etc
- 8) Run cron entries with intervals of less than 15 minutes.
- 9) Run any MySQL queries longer than 15 seconds. MySQL tables should be indexed appropriately.
- 10) When using PHP include functions for including a local file, include the local file rather than the URL. Instead of `include("http://yourdomain.com/include.php")` use `include("include.php")`
- 11) To help reduce usage, do not force html to handle server-side code (like php and shtml).
- 12) Only use https protocol when necessary; encrypting and decrypting communications is noticeably more CPU-intensive than unencrypted communications.

7b.) INODES

The use of more than 250,000 inodes on any shared account may potentially result in a warning first, and if no action is taken future suspension. Accounts found to be exceeding the 100,000 inode limit will automatically be removed from our backup system to avoid over-usage, however databases will still be backed up. Every file (a webpage, image file, email, etc) on your account uses up 1 inode. Sites that slightly exceed our inode limits are unlikely to be suspended; however, accounts that constantly create and delete large numbers of files on a regular basis, have hundreds of thousands of files, or cause file system damage may be flagged for review and/or suspension. The primary cause of excessive inodes seems to be due to users leaving their catchall address enabled, but never

checking their primary account mailbox. Over time, tens of thousands of messages (or more) build up, eventually pushing the account past our inode limit. To disable your default mailbox, login to cPanel and choose "Mail", then "Default Address", "Set Default Address", and then type in: :fail: No such user here.

7c.) Backup Limit

Any shared account using more than 20 gigs of disk space will be removed from our off site weekly backup with the exception of Databases continuing to be backed up. All data will continue to be mirrored to a secondary drive which helps protect against data loss in the event of a drive failure.

8.) Bandwidth Usage

You are allocated a monthly bandwidth allowance. This allowance varies depending on the hosting package you purchase. Should your account pass the allocated amount we reserve the right to suspend the account until the start of the next allocation, suspend the account until more bandwidth

is purchased at an additional fee, suspend the account until you upgrade to a higher level of package,

terminate the account and/or charge you an additional fee for the overages. Unused transfer in one month cannot be carried over to the next month.

9a.) Money back Guarantee

On dedicated servers no full refund will be honored -- the 45 day money back guarantee does not apply. We reserve the right to refund a prorated amount or no refund at all.

Each of Cloudbase Media Ltd's managed shared, VPS, and reseller servers carry a 45 day unconditional

money back guarantee on them. If you are not completely satisfied with our services within the first 45 days of your service, you will be given a full refund of the contract amount. Remember, this is only

for monthly shared or reseller packages and does not apply to dedicated servers, administrative fees,

install fees for custom software, or domain name purchases.

Cloudbase Media Ltd will not activate new orders or activate new packages for customers who have an

outstanding balance with Cloudbase Media Ltd. For a new order to be setup or a new package to be activated, you must have a balance of £0.00, unless otherwise stated by Cloudbase Media Ltd in writing.

9b.) Uptime Guarantee

If your shared / reseller server has a physical downtime that is not within the 99% uptime you may receive one month of credit on your account. Approval of the credit is at the discretion of ESP Computers dependent upon justification provided. Third party monitoring service reports may not be used for justification due to a variety of factors including the monitor's network capacity/transit availability. The uptime of the server is defined as the reported uptime from the operating system and the Apache Web Server which may differ from the uptime reported by other individual services. To request a credit, please contact info@Cloudbasemedia.com with justification. All requests must be made in writing via email. Uptime guarantees only apply to shared / reseller solutions. Dedicated servers are covered by a network guarantee in which the credit is prorated for the amount of time the server is down which is not related to our uptime guarantee.

10.) Reseller: Client Responsibility

Resellers are responsible for supporting their clients. Cloudbase Media Ltd does not provide support to our Reseller's Clients. If a reseller's client contacts us, we reserve the right to place the client account on hold until the reseller can assume their responsibility for their client. All support requests must be made by the reseller on their clients' behalf for security purposes. Resellers are also responsible for all content stored or transmitted under their reseller account and the actions of their clients'. ESP Computers will hold any reseller responsible for any of their clients actions that violate the law or the terms of service.

11.) Shared (non-reseller accounts) / Semidedicated Servers

Shared accounts may not resell web hosting to other people, if you wish to resell hosting you must

use a reseller account. Semi-dedicated servers are not backed up. You must maintain your own backups.

The Business plan provides a free toll-free number for your web site and business. Minutes Included Per Month: 100 -- Additional Minutes: 4.9 Cents. Included minutes are based on a calendar month. By

default, you'll be able to receive calls from US callers only. You can enable calls from Canada in your control panel, but will be billed 6.9 cents per minute for all calls from Canada due to the increased costs of providing service there. This service is provided and supported by Voipo for new ESP Computers clients.

*Please note: Toll-Free numbers issued must be called at least once every 30 days. Toll-free numbers with 0 calls in a 30 day period will be considered inactive and disconnected. If you cancel your hosting package with Cloudbase Media Ltd or switch to a plan other than the business plan, your toll-free number will be disconnected unless you contact VOIPo to change to a paid service plan prior to the Cloudbase Media Ltd cancellation.

12.) Dedicated Servers

Cloudbase Media Ltd reserves the right to reset the password on a dedicated server if the password on file

is not current so that we may do security audits as required by our datacenter. It is the responsibility of the client to ensure that there is a valid email address and current root password on file for their dedicated server on file to prevent downtime from forced password resets. Cloudbase Media Ltd reserves

the right to audit servers as needed and to perform administrative actions at the request of our datacenter. Dedicated servers are NOT backed up by us and it is the responsibility of the client to maintain backups or have a solution for this. You may purchase an additional hard drive and maintain

backups to it as the simplest solution. Please contact info@Cloudbasemedia.com if you wish to obtain a

secondary hard drive. It is your responsibility to maintain backups.

13.) Price Change

The amount you pay for hosting will never increase from the date of purchase. We reserve the right

to change prices listed on Cloudbase Media Ltd.com, and the right to increase the amount of resources

given to plans at any time.

14.) Coupons

Discounts and coupon codes are reserved for first-time accounts *or first-time customers* only and may not be used towards the purchase of a domain registration unless otherwise specified. If you have signed up using a particular domain, you may not resign up for that domain using another coupon at a later date. Any account found in violation of these policies will be reviewed by our sales department and the appropriate invoices will be added to the account. Coupon abuse will not be tolerated and may result in the suspension or termination of the account. Coupons or discounts are only valid towards the initial purchase, and do not affect the renewal or recurring price.

15a.) Indemnification

Customer agrees that it shall defend, indemnify, save and hold Cloudbase Media Ltd harmless from any

and all demands, liabilities, losses, costs and claims, including reasonable attorney's fees asserted against Cloudbase Media Ltd, its agents, its customers, officers and employees, that may arise or result

from any service provided or performed or agreed to be performed or any product sold by customer, its agents, employees or assigns. Customer agrees to defend, indemnify and hold harmless ESP

Computers against liabilities arising out of; (1) any injury to person or property caused by any products sold or otherwise distributed in connection with Cloudbase Media Ltd; (2) any material supplied

by customer infringing or allegedly infringing on the proprietary rights of a third party; (3) copyright infringement and (4) any defective products sold to customers from Cloudbase Media Ltd's server.

15b.) Arbitration By using any Cloudbase Media Ltd services, you agree to submit to binding arbitration.

If any disputes or claims arise against Cloudbase Media Ltd or its subsidiaries, such disputes will be handled by an arbitrator of Cloudbase Media Ltd's choice. An arbitrator from the American Arbitration

Association or the National Arbitration Forum will be selected in the state of Texas. Arbitrators shall be attorneys or retired judges and shall be selected pursuant to the applicable rules. All decisions rendered by the arbitrator will be binding and final. The arbitrator's award is final and binding on all parties. The Federal Arbitration Act, and not any state arbitration law, governs all arbitration under this Arbitration Clause. You are also responsible for any and all costs related to such arbitration.

16.) Disclaimer

Cloudbase Media Ltd shall not be responsible for any damages your business may suffer. Cloudbase Media Ltd

makes no warranties of any kind, expressed or implied for services we provide. Cloudbase Media Ltd disclaims any warranty or merchantability or fitness for a particular purpose. This includes loss of data

resulting from delays, no deliveries, wrong delivery, and any and all service interruptions caused by Cloudbase Media Ltd and its employees.

17.) Disclosure to law enforcement

Cloudbase Media Ltd may disclose any subscriber information to law enforcement agencies without further

consent or notification to the subscriber upon lawful request from such agencies. We will cooperate fully with law enforcement agencies.

18.) Changes to the TOS

Cloudbase Media Ltd reserves the right to revise its policies at any time without notice.
